Media Statement

Final dolphin update

Results from the testing of two dead dolphins removed from the Swan River earlier this week have been inconclusive. It is expected the results from ongoing tests will be limited due to decomposition.

For information on joining the River Guardian's Dolphin Watch program follow the links at www.riverguardians.com

The Swan River Trust encourages the public to report sightings of dead dolphins in the Swan and Canning Rivers by phoning 9278 0900 or after hours 0419 192 845.
